

*Sage* means ‘to be wise’ in Latin. It is commonly translated to mean ‘One who is venerated for experience, judgment and wisdom.’ SAGE is also a plant / shrub which means ‘to heal’ in Latin. This herb’s healing abilities are vast and, in its dried form, sage is also a powerful smudge used to energetically cleanse and heal.

Whether you’re the WISE Sage or the HEALING Sage, this article plan lets you **share your EXPERIENCE, WISDOM and HEALING gifts!**

Our splendid SILVER SAGE article plan:

**2 PAGE COLOR ARTICLE** with ¼ page color ad in the first issue

- Be featured in a large TWO PAGE ARTICLE in the FIRST ISSUE where you get to tell your story, approximately 1200 words, along with your photo and your ¼ page ad on the same page (to draw attention to details about your business or upcoming events). Graphic design of ads is not included in the plan.

x 1 issue

**1/4 PAGE COLOR AD** to be randomly placed in the next three issues

- Build on your article’s attention with a ¼ PAGE AD in the next THREE ISSUES which reinforces your article and helps people remember you (ad can change each issue).

x 3 issues

- ▶ A smart, economical way to share your WISDOM and experience in a particular area.
- ▶ Continue to attract new clients by being featured in 4 CONSECUTIVE ISSUES, starting with a large 2 page article and reinforce it with each ¼ page ad.
- ▶ If you can only do one article this year, you want to make it as significant and noticeable as possible and any Sage will tell you – articles in Mosaic Magazine get noticed!

**This choice helps you stand out in a big, yet affordable way.**

“I can honestly say that Mosaic is the BEST THING I EVER DID to promote my business. When people see my picture and read my words, something resonates - there’s a connection and then they phone.”
